

**IN RE: REVISIONS TO THE COMMISSION'S
GAS PIPELINE SAFETY RULES**

DOCKET 17545

ORDER APPROVING STAFF'S PROPOSED RULES REVISIONS

BY THE COMMISSION:

By Order entered in this cause on April 21, 2004, the Commission established this rulemaking proceeding to consider Revised Gas Pipeline Safety Rules and Regulations for the Commission. The revisions to said rules proposed by staff from the Commission's Gas Pipeline Safety ("GPS") Section of the Commission's Energy Division were attached to the Commission's April 21, 2004 Order.

The Commission's April 21, 2004 Order afforded an opportunity for interested parties to submit Comments concerning the GPS staff's proposed rules on or before May 21, 2004. Interested parties were further afforded an opportunity to submit Reply Comments on or before June 11, 2004.

The only initial Comments received by the Commission were submitted by the City of Alexander City's Gas Department and the Southeast Alabama Gas District. The comments of the City of Alexander City and the Southeast Alabama Gas District were subsequently withdrawn, however, due to clarification provided by the GPS staff. Given the absence of any initial Comments, the Commission concluded at its June 8, 2004 meeting that no purpose would be served by allowing the Reply Comment cycle to run. The Commission accordingly voted to adopt the modifications to the Commission's Gas Pipeline Safety Rules and Regulations proposed by GPS staff which are attached hereto as Appendix A. The revised rules adopted herein shall become effective commensurate with the effective date of this Order.

DOCKET 17545 - #2

IT IS SO ORDERED BY THE COMMISSION.

IT IS FURTHER ORDERED BY THE COMMISSION, That jurisdiction in this cause is hereby retained for the issuance of any further order or orders as may appear to be just and reasonable in the premise.

IT IS FURTHER ORDERED, That this Order shall be effective as of the date hereof.

DONE at Montgomery, Alabama, this 21st day of June, 2004.
